

Due Process Analysis Graphics

1. Required Process vs Actual Process

REQUIRED (LAW)	ACTUAL (DOCUMENTED)
911 call → medical evaluation first Assess capacity Hospital transport Balanced input	911 call → 'psychotic break' Police rely on reporting party Hospital: 'per Steve' Patient unable to participate Transported to jail

2. Single-Source Narrative vs Missing Elements

Single Source	Missing Elements
Police report 'per Steve' Evaluator notes	Patient account Verification Medical-first determination

3. Timeline

911 Call → Police Narrative → Jail → Hospital ('per Steve') → Charges → Diversion

4. Legal Logic

No consciousness → No intent → No crime (PC §26) → Record inaccurate
